

Mr. Richard Lubinski  
General Manager  
Comse Energy Managers  
1521 Highland Road  
Twinsburg, OH 42578

Dear Richard:

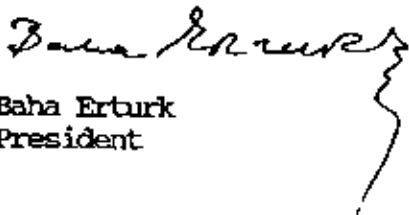

Congratulations on your certification from the Association of Energy Engineers. As a leading manufacturer of energy management systems, we realize the integrity of business products and expertise in all facets of energy management required to earn this certification.

Solidyne has valued its association with Comse Energy Managers over the years for those same reasons. I have consistently regarded you and your organization among the finest in critical areas of system application, installation, and follow-up services insuring your customers total satisfaction and optimum system operation.

An energy management system is a highly technical, sophisticated product that necessitates qualified evaluation and implementation. Solidyne is pleased to have our system products as part of your continuing program in that we are totally confident through your demonstrated ability to install and maintain our systems at the highest level of professionalism, exceeding industry standards.

I wish you and Comse Energy Managers the best of luck for the future, and once again my congratulations on your certificate from the Association of Energy Engineers.

Sincerely,

Baha Erturk  
President
